SUBMITTING YOUR BEST PROPOSAL TO ATN

Every proposal tells us what attendees can expect.
The strongest proposals clearly explain what participants will learn, why it matters, and how they will apply it.

THE LEARNING BRAIN EXCHANGE 2027
A Creating Trauma-Sensitive Schools Conference

- **February**
- **Virtual**

- **Research, neuroscience, innovation, and emerging practices**
- **Exploration of new ideas that advance the field**
- **Reaching neurodivergent learners**

CREATING TSS 2027 Conference

- **July**
- **In person**

- **Practical, classroom-ready strategies**
- **Interactive learning**
- **Tools educators can use immediately**

Do's

✔ Clearly describe what participants will learn.
✔ Include measurable learning objectives.
✔ Explain how attendees will apply the content.
✔ Share evidence of impact, such as evaluation results, implementation outcomes, or participant feedback.
✔ Select the primary topics and audience that best match your session.

Don'ts

✘ Spend a lot of time on ACEs, brain science, and trauma-informed basics
✘ Submit a sales presentation.
✘ Write vague session descriptions.
✘ Focus only on theory without practical application.
✘ Forget to include evidence or outcomes when available.

Speaker Registration

ATN is a nonprofit organization. Rather than paying speaker honoraria:

- **Virtual presenters: Registration is waived for primary and secondary presenters.**

- **In-person presenters: Primary presenters receive a discounted registration, $299. There is a reduced rate for additional presenters, $499. Presenters are responsible for travel and lodging expenses.**
