THE **LEARNING BRAIN**
EXCHANGE **2027**

A *Creating Trauma-Sensitive Schools* Conference

February 19 & 20, 2027 | Virtual

**Join us at the
Learning Brain Exchange, a Creating Trauma-Sensitive Schools Conference
focused on the Science of Learning.**

Explore what all educators need to know about students' developing brains and how to help them get ready to learn and excel!

4 Tracks to choose from::

Reaching & Teaching Students:

Explore the Science of Learning with strategies that improve learning for all.

Brain-Based Behaviors:

Look at behaviors, discipline and classroom management through a neuroscience lens.

Supportive & Responsive Leadership:

Discover why supportive & responsive leadership will guide your school with compassion and clarity.

Connected Classrooms:

Dive into ways to build connection with students, staff, parents, and the community at large...all for healthier brains and to enhance learning!

Keynote:
Sal Khan, MBA
CEO of Khan Academy
